

Electromechanical Audible Signal Devices / AC Installation Buzzers 338

## **Buzzer EM Contin. tone 230VAC**

Part No.: 338.373.28

| MECHANICAL DATA             |                   |
|-----------------------------|-------------------|
| Length                      | 34 mm             |
| Width                       | 23 mm             |
| Height                      | 19 mm             |
| Diameter                    | 23 mm             |
| Materials                   | PA-GF             |
| Housing colour              | Black             |
| Protection category         | IP00              |
| Connection                  | Flat plug         |
| Type of fixing              | Built-in mounting |
| Working temperature minimum | -20°C             |
| Working temperature maximum | +60°C             |
| Weight with packaging       | 26 g              |
| Product weight              | 26 g              |

| ELECTRICAL DATA             |         |
|-----------------------------|---------|
| Operating voltage           | 230V    |
| Operating voltage type      | AC      |
| Operating voltage frequency | 50Hz    |
| Operating voltage tolerance | +/- 10% |
| Rated operational voltage   | 230 VAC |
| Rated operational current   | 24 mA   |
| Rated inrush current        | <500mA  |
| Pollution degree            | 2       |

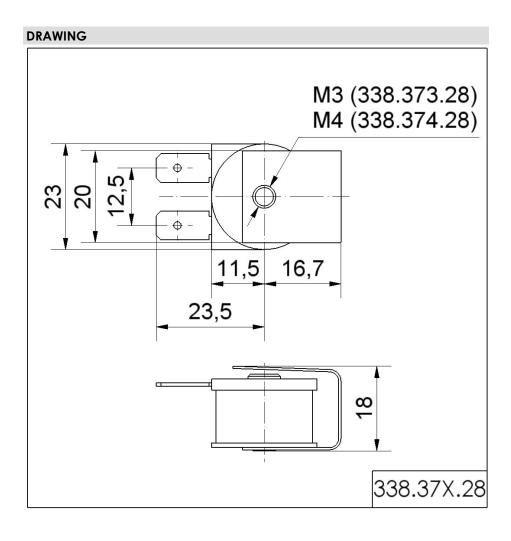

| ACUSTICAL DATA                |                 |
|-------------------------------|-----------------|
| Volume/dB(max) at 1m distance | 75,0 dB (A)     |
| Acoustic signal image         | Continuous tone |
| Audio frequency               | 100 Hz          |
| Acoustic service life         | 300 h minimum   |
