WHAT IS BLACK LABEL?

At Hotsy perfection isn't an end-point, it is something we strive for daily. We are always thinking of ways to improve our pressure washers. The Black Label editions 797SS and 897SS are a prime example. We loaded them with features to move them to the top of the line. They boast Auto Start/Stop, a robust HM Series pump, Beckett Burner, WEG slow speed motor and an hour meter. On top of that we've given the machine a distinctly classy look with black logos, essentially **we're giving you bad ass fully loaded!**
