

- LP-or Natural Gas-Fired
- Hotsy Belt-Drive Pump
- Remote-Ready
- Smart Relay Control provides control over run time, auto start/stop and shut down functionality

# 900/1400 SERIES

## BELT DRIVE

Hotsy's 900/1400 Series of innovative stationary models are packed with standard features! The most impressive is the programmable smart control automation. Safety is key with a pressure relief valve and locking lid and side panels around the belt and pulleys to keep users safe. These electric-powered washers are available in either LP or Natural Gas fired models. New models have the same footprint as previous generations, so users can feel confident about upgrading. Panels may be easily removed for access to the machine components for servicing. All models are ETL safety certified and feature the Hotsy pump backed by a full 7-year limited warranty. All models come equipped with a 50' high-pressure hose, lance, nozzles and trigger gun.

U.S. Design Patent No. 740,501 S
